La Riccardo Barthel è un'azienda fiorentina specializzata nella progettazione e nell'arredamento d'interni che da quarant'anni rappresenta uno stile ben preciso, unico e inconfondibile: lo stile Barthel.

Oggi la passione di padre e figlio unita alla maestria e alle capacità di architetti ed esperti artigiani, muove l'azienda alla ricerca dell'eccellenza e della perfezione. La cura per i dettagli, l'amore per il restauro e l'originalità nella progettazione, sono le qualità che caratterizzano le realizzazioni Barthel, apprezzate da una clientela raffinata che ne diventa portavoce in Italia e nel mondo.

Riccardo Barthel is a Florentine company specialized in interiors design and décor, representing for over forty years a very specific style, unique and distinct: the Barthel style.

Today the passion of both father and son, together with the finesse and the skills of architects and artisans, lead the company to excellence and perfection. A keen eye for details, the love for restoration and the brilliant designs, are the key to Barthel's realizations, appreciated by a fine clientele both in Italy and worldwide.

Fondata in Via dei Fossi nel 1976 da Riccardo Barthel per dare voce alla sua creatività, da piccola azienda diventa presto una realtà con 30 collaboratori pur conservando la sua tipica atmosfera di piacevole familiarità. Nel 1994 la Riccardo Barthel si trasferisce nell'oltrarno fiorentino riunendo lo studio di progettazione, i laboratori e lo showroom all'interno di un unico luogo di grande stile, mettendo a disposizione del cliente professionalità diverse. Dal 2001, la sede di Forte dei Marmi, realizzata in un ex rimessaggio di barche, affianca quella di Firenze. Una delle anime più forti dell'azienda e che ha concorso a renderla celebre è la divisione Brocante, la continua ricerca di pezzi unici, segnati dal tempo, che grazie al sapere degli artigiani vengono restaurati o rivisitati in chiave contemporanea.

Riccardo Barthel sviluppa il proprio campo operativo fino a specializzarsi nella progettazione e nell'esecuzione di arredamenti chiavi in mano per abitazioni private, alberghi, ristoranti e negozi. Dal 2003 l'azienda si dedica alla realizzazione di attrezzature ed elementi di arredo e alla riproduzione di modelli originali destinati alle imbarcazioni storiche e di nuova costruzione. I risultati eccellenti sono frutto dell'abilità di anticipare le tendenze e della bravura dell'equipe di progettisti e artigiani che operano in totale sinergia.

La vocazione di Riccardo Barthel alla cura per i dettagli e la conoscenza delle tecniche tradizionali portano alla realizzazione di una propria linea di accessori, maniglie e lumi. I prodotti si fondono perfettamente negli ambienti Barthel, rispettando i canoni del suo stile: l'eleganza discreta, dettata dalla pulizia delle linee, i materiali ricercati, e il carattere senza tempo di ogni oggetto.

Founded in 1976 in Via dei Fossi by Riccardo Barthel to speak its own creativity, from a small company it soon becomes a reality of over 30 collaborators, strongly keeping its typical familiar atmosphere. In 1994 Riccardo Barthel moves to the Florentine Oltrarno, gathering the design studio, the laboratories and the showroom in a single place of unique style, hence offering to clients multiple expertise. In 2001, a new space is open inside an ex-boatyard in Forte dei Marmi. One of the strongest specialty, that has also contributed to make the company acclaimed, is the Brocante division, the continuous research of uniquely aged pieces, that are restored or renovated by the artisanal experience.

Riccardo Barthel develops its operating field to specialize in the design and development of turnkey projects for private houses, hotels, restaurants and shops. Since 2003 the company operates in the realization of equipment, interior fittings and in the reproduction of original models for classic and new yachts. Excellence is the result of the ability to anticipate trends and of the reciprocity between designers and artisans.

Riccardo Barthel care for details and artisanal knowledge lead to the creation of an inhouse line of accessories, handles and lights. The products perfectly melt within Barthel environments, respecting its style code: the fine lines, the sought-after materials and the timeless nature of the objects.

Realizziamo i nostri prodotti attraverso la lavorazione e la trasformazione del legno e dei metalli, principalmente dell'ottone, utilizzando le tecniche di tornitura, di tiratura, di incisione e di fusione. I prodotti Riccardo Barthel sono unici e riconoscibili e portano con sé il marchio secolare della pratica artigiana fiorentina. Le lavorazioni meccaniche ad alta precisione ed i manufatti in legno, vetro e ceramica, portano alla realizzazione sia di ambienti che conservano la tradizione, sia di ambienti contemporanei e funzionali per soddisfare le esigenze e le passioni dei nostri Clienti.

We make our products manufacturing and transforming woods and metals, mainly brass, using turning, hammering, engraving and casting techniques. Riccardo Barthel products are unique and distinctive, bearing the centuries-old stamp of Florentine craftsmanship. The high-precision mechanical processing and the produces in wood, glass and ceramics enable us to create both traditional and contemporary environments to fulfil the needs and passions of our Clients.

Per ogni articolo la campitura grigia indica la disponibilità della finitura.

The grey field means that the item is available in a particular finish.

ON La superficie risulta lucida, lasciata senza nessun tipo di protezione che impedisca il naturale processo di ossidazione. Surface looks initially polished but has no protection against the natural oxidation process.

OV La superficie risulta lucida e protetta da una vernice trasparente che preserva nel tempo le caratteristiche estetiche. Shiny finish with protective coating of transparent varnish.

OB La superficie viene sottoposta ad un trattamento di ossidazione che conferisce all'articolo una colorazione marrone scuro ed una finitura semilucida. Oxidized, dark brown with semi-shiny finish.

NL La superficie viene sottoposta ad un trattamento galvanico e risulta lucida di colore metallico tendente leggermente al giallo. Oxidized, dark brown with semi-shiny finish.

NI La superficie viene sottoposta ad un trattamento di ossidazione che conferisce all'articolo una colorazione grigio blu ed una finitura semilucida. Oxidized blue gray, with semi-shiny finish.

NS La superficie viene satinata manualmente e poi sottoposta ad un trattamento galvanico che conferiscono all'articolo una finitura semilucida. Hand-brushed and electroplated semi-shiny finish.

NSV La superficie viene sottoposta ad un trattamento galvanico, risulta opaca di colore grigio caldo e protetta da una vernice trasparente che preserva nel tempo le caratteristiche estetiche. Matte, warm gray electroplated finish with protective coating of transparent varnish.

CL La superficie viene sottoposta ad un trattamento galvanico e risulta lucida di colore metallico tendente leggermente al blu. Shiny, slight blue-toned metallic electroplated finish.

CSV La superficie viene sottoposta ad un trattamento galvanico, risulta opaca di colore grigio freddo e protetta da una vernice trasparente che preserva nel tempo le caratteristiche estetiche. Matte, cool gray electroplated finish with protective coating of transparent varnish.

AL La superficie risulta lucida, lasciata senza nessun tipo di protezione che impedisca il naturale processo di ossidazione. Surface looks initially polished but has no protection against the natural oxidation process.

ASV La superficie viene sottoposta ad un trattamento galvanico, risulta opaca e protetta da una vernice trasparente che preserva nel tempo le caratteristiche estetiche. Matte, electroplated finish with protective coating of transparent varnish.

NELV La superficie viene sottoposta ad un trattamento galvanico, risulta lucida di colore canna di fucile e protetta da una vernice trasparente che preserva nel tempo le caratteristiche estetiche. Shiny, electroplated gunmetal finish with protective coating of transparent varnish.

NESV La superficie viene sottoposta ad un trattamento galvanico, risulta opaca di colore canna di fucile e protetta da una vernice trasparente che preserva nel tempo le caratteristiche estetiche. Matte, electroplated gunmetal finish with protective coating of transparent varnish.

OLV La superficie viene sottoposta ad un trattamento galvanico, risulta lucida e protetta da una vernice trasparente che preserva nel tempo le caratteristiche estetiche. Shiny, electroplated finish with protective coating of transparent varnish.

OSV La superficie viene sottoposta ad un trattamento galvanico, risulta opaca e protetta da una vernice trasparente che preserva nel tempo le caratteristiche estetiche. Matte, electroplated finish with protective coating of transparent varnish.
